## Four Victims Drowned in Plane Crash; 7 Bodies Still Missing

### ONE SOUGHT SAFETY BY SWIMMING

Investigations Are Under Way to Learn Cause Of S. F. Disaster

SAN FRANCISCO. (AP) — At least four of the 11 victims were alive after the Los Angeles-San Francisco plane crashed into San Francisco bay Tuesday night, but drowned before rescuers could arrive, an autopsy revealed today.

Search for the seven missing bodies was conducted while investigations were launched to determine what caused the big airliner to crash in the bay near Mills Field.

#### One Tried Swimming

Dr. J. N. Dallal and Coroner William Crosby agreed the four victims had drowned, and missing clothes of one passenger indicated he had fought his way free from the wreckage and attempted to swim ashore. He was Mark Fontana, wealthy San Francisco food manufacturer.

"Fontana definitely was drowned," said Dr. Dallal. "He had only superficial lacerations and these probably were made by a grappling hook."

Fontana's body, found near the wreckage, was without the coat and trousers and a shoe was unfastened and the necktie askew. Coroner Crosby said he was informed the man was a good swimmer but thought he apparently became exhausted before he could make the shore, some distance away.

#### Pilots Injured

Crosby and Dr. Dallal likewise agreed that Pilot A. R. (Tommy) Thompson, veteran flyer; Co-pilot Joe De Cesaro and Stewardess Ruth Kimmel also drowned.

Thompson's head was lacerated, but not injured severely enough to have caused his death, they said. Crosby said De Cesaro suffered a ruptured liver, but his lungs were filled with water.

Several theories as to the cause of the disaster were advanced while investigations got under way.

#### Theories Given

Airmen at Mills Field said it was possible the pilot had lowered his wing "flaps" to reduce his speed for landing and that this resulted in the plunge.

Other theories were that the plane sideslipped when the pilot circled over the bay after overshooting the field, the right wing striking the water and causing the craft to overturn, or that the pilot misjudged his distance above the water.

Airline officials estimated the plane was traveling 100 miles per hour when it struck.

### Damage Case Is Fought to Draw'

Alex Cameron and Robert L. Smith "fought to a draw" yesterday in Superior Judge G. K. Scovel's court in an appeal of an auto accident damage case.

Judge Scovel ruled that neither should collect from the other. Cameron asked \$150 and Smith asked \$298.08, in each case for damage to automobiles in an accident May 18 on Huntington Beach boulevard. Cameron won a decision in the Huntington Beach justice court.

### REV. REINIEUS HAS STROKE

Disabled since Tuesday night by a stroke of paralysis, the Rev. O. W. Reinius was found today at his home, 441 South Ross street, by neighbors. The pastor of the Richland avenue Methodist church had been suffering alone and in silence, without aid, since the stroke hit him.

He was without even a drink of water.

The minister, who is a widower, finally attracted attention by pounding on the side of his house. Neighbors heard the noise, broke into the dwelling and found the stricken man.

He was taken to the home of Otto W. Crowther.

### Unconscious Negro Found in Alley

Unconscious, with articles from his rifled pockets scattered about him, William G. Johnson, negro, of 1822 West Fourth street, was discovered by police last night in an alley at the rear of 215 West Seventh street, Anaheim.

He was taken to the county hospital, where he told officers he was carrying \$30 with him when he was slugged from behind. The money was not found.

Johnson was unable to tell hospital attendants what he was doing last night before he was hit. They said he was suffering today from concussion, but his condition was improving.

Airline officials estimated the plane was traveling 100 miles per hour when it struck.

Damage Case Is  
Fought to Draw'

A new record in citrus fruit measurements was set in January of 1937.

The oranges didn't grow at all! It was the first time in history that average fruit growth has entirely ceased during this period, according to an official report today by the Association of Laborato-ry of Anaheim.

No doubt, the experts said, this cessation of growth was associa-

### DOLLAR DAY WILL LURE 15,000

### Orange County Shoppers To Find Big Array Of Bargains Here

Fifteen thousand buyers!

At least that many shoppers are expected to throng Santa Ana streets and stores when the biggest Dollar Day event ever staged in this city is held Saturday.

To avoid the rush and to make sure of getting their hands on some of the super-bargains offered by local merchants, crowds of shoppers are expected on the streets as early as 8 o'clock Saturday morning, when the long-awaited event officially opens.

#### Merchants Ready

Merchants are more enthusiastic over plans for this Dollar Day than for any similar event ever staged according to Ivie Stein, chairman of the retail division of the chamber of commerce, which is arranging the special sales event. It was pointed out that more merchants attended the meeting when the event was mapped out than ever attended a similar meeting.

Really unusual values will be offered shoppers on Dollar Day, the merchants promise. Practically all merchants in the city are cooperation, and thrifty shoppers will get more for their money Saturday than probably will be the case for a long time to come!

#### Large Sales Staffs

All merchants have made special and extensive purchases to be sure and have stocks of fine merchandise at low prices on hand for the Dollar Day event. Adequate sales staffs will be provided for the crowds of buyers expected to jam the downtown business section during the day.

The time is Saturday. The event is the ever-popular Dollar Day. The idea is to offer the best values obtainable anywhere in the Southland.

### JURY BATTLES ON MURDER

Deadlocked 11 to 1, a murder trial jury held the fate of a Jesus Esquivel, Santa Ana Mexican, in its hands this afternoon, more than 30 hours after it started deliberations.

Esquivel is accused of murdering Salvador Lopez with a pistol in a Logan street fight in 1929. He admits the shooting, but contends it was in self-defense.

The jury's stand is for conviction, with one woman holding out for acquittal, it was understood. The jury split 11 to 1 yesterday morning, within half an hour after it took the case.

From 9:45 a. m. yesterday to 10:50 p. m., the jury argued. After a night in a local hotel, the jury resumed deliberations at 9:30 a. m. today, but had not arrived at a verdict at noon.

MADRID FORCES  
CHECK REBELS

MADRID. (By Wireless) (AP) — Socialist troops drove Fascist besiegers from "last line" positions in Madrid's west park, the military defense council announced today.

The entire sector south of University City is "now dominated by the government," the announcement said.

Government commanders asserted militiamen on the southern Mediterranean front had checked a Fascist advance on Moltril near Salobreña, a coastal point about 48 miles east of insurgent-dominated Malaga.

### OUTLINES HIS PROGRAM TO SENATORS

### Summers Delays Giving His Second Measure To Congress

WASHINGTON. (AP) — New White House conferences prompted administration sources today to forecast a no-compromise battle by President Roosevelt in behalf of his court reorganization plan.

Summoned to discuss the Roosevelt bill which includes authority to increase the supreme court membership to a maximum of 15 justices, were: Senators Pittman of Nevada, Wagner of New York and McAdoo of California—all Democrats, and Senator Norris of Nebraska, veteran Independent, who has said he would favor a constitutional amendment to limit the terms of supreme court justices.

#### Amplifies Views

These added two more talks across Mr. Roosevelt's desk to the usual series of conferences over the controversial court plan which began last Friday after a special message went to the capitol. Those attending have said the meetings permitted the President to amplify his views.

Senators fighting the proposed supreme court change claimed that since Friday "sure" opposition votes have mounted to 32 and that a score of others were possible. About 30 have declared in favor of the reorganization.

#### No Compromise

Administration officials close to the President said his court plan had been offered after deliberate study and a full realization it would meet with strong opposition. They were emphatic in telling reporters there was no talk of compromise at the White House.

Pending the White House discussions, formal action at the capitol on court legislation was at a standstill. Chairman Summers (D., Tex.) delayed until next Tuesday a meeting of the house judiciary committee on the reorganization program.

#### Barometer Is Low'

Asked why, Summers smilingly replied:

"The visibility is not good; the barometer is low and wind is not in the right direction, so we decided not to take off today."

At presidential request, Summers cancelled house consideration yesterday of his bill to authorize the attorney general to intervene in private lawsuits where the question of the constitutionality of an act of congress is involved.

#### Large Sales Staffs

What's more, the settlement will be to the advantage of Orange county, it was stated. Details of the negotiations which have been carried on for three years since James Irvine filed the suit were not made public, nor will they be until the papers now prepared are signed and an agreement reached officially.

#### Favors Orange County

What's more, the settlement will be to the advantage of Orange county, it was stated. Details of the negotiations which have been carried on for three years since James Irvine filed the suit were not made public, nor will they be until the papers now prepared are signed and an agreement reached officially.

#### District Criticized

Maurerhan said the water district has been criticized for not intervening in the suit, which seeks to enjoin the upper river water interests from spreading water which otherwise would flow down the Santa Ana river to replenish the underground basin in this county.

#### Settlement of Federal Case to Favor Local River Rights

Settlement of the Irvine suit within 30 days was predicted by authoritative sources today.

Confirming the exclusive story in The Journal yesterday, Director William Wallop of the Orange County Water district yesterday afternoon predicted that the long battle with the upper river water interests would end in the next 30-day period.

#### IRVINE WINS WATER SUIT

## CRASH KILLS LONG BEACH SAILOR

### Drives Car Into Side Of Truck on Road Near Seal Beach

February's first traffic death mark went on the book today as Stephen Kuranya, 25, Long Beach sailor, hurtled his car into the side of a truck near Seal Beach and was killed.

Kuranya, witness told Califor-

Killed in county traffic accidents so far this year 9  
Killed in county traffic accidents same time last yr. 12  
DRIVE CAREFULLY—DON'T KILL!

nia highway patrol officers, evidently crossed the center line to the left side of the road before striking a truck driven by Glenn Fubright, 30, Long Beach, coming the opposite direction along the coast highway just east of the Seal Beach city limits.

A. W. Quarles of the U. S. S. Cole, Long Beach, a passenger in Kuranya's car, was injured and taken to a Long Beach hospital. The accident occurred at 4:15 a. m. today.

### MORE ABOUT STORY BEHIND

(Continued From Page 1)  
an American standard of living;" seniority rights based on length of service; reinstatement of all employees who had been "unjustly discharged;" mutual agreement on "speed of production."

One issue appeared transcendent—the union's demand for recognition as the sole bargaining agency.

There stood as an obstacle in the path to negotiations General Motors' rigid demand that plants be evacuated before it would arbitrate, while the union was steadfast in its insistence on recognition.

**Truce Wrecked**  
Those were the rocks that wrecked the "Lansing truce," an agreement to negotiate reached after a 17-hour conference with Gov. Frank Murphy at his state capital office.

Union officials charged the corporation with "breach of faith" because the truce and the start of negotiations, it agreed to confer with the Flint Alliance, strike-opposed organization. The union halted evacuation, and General Motors then declined to negotiate.

**Set Evacuation Date**  
Germer said the actual evacuation would be deferred possibly until Saturday or Sunday, when mass demonstrations would be held.

The letter of Jan. 4 referred to in the agreement listed eight demands of the United Automobile Workers. Homer Martin, U. A. W. A. president, addressed it to Knudsen, setting forth the union's aims in the strike as:

A national conference for collective bargaining between General Motors and its employees, a 30-hour week, six-hour day and pay and a half for overtime; establishment of a "minimum rate of pay commensurate with an American standard of living;" seniority rights and reinstatement of employees "unjustly discharged;" abolition of piece-work systems of pay, and agreement on speed of production between the management and a union shop committee.

**F. D. R. in Background**  
From Washington the conferees moved to Detroit, again summoned by Governor Murphy, but this time "at the wish of the President of the United States."

President Roosevelt remained in the background, but he was in close touch with the situation. Governor Murphy said, on one occasion, "The President's influence has been very helpful."

Violence was near a minimum. Only two serious outbreaks occurred, both at Flint. In the first one 27 persons were hurt. A dozen persons were injured in the second flare-up.

The city was virtually an armed camp, with nearly 4000 national guardsmen concentrated there, although only 1200 were on patrol duty. In addition there was an undetermined number of specially deputized "police reserves."

The story of the strike goes back to August, 1935, when the United Automobile Workers union was organized at an American Federation of Labor convention in Detroit. More than a year before President Roosevelt had averted serious trouble in the industry by direct intervention, and out of that came the short-lived national automobile labor board.

Ten years earlier, the American Federation of Labor began a campaign to organize the industry, but abandoned the effort the next year.

**Martin Selected**  
Organization of the U. A. W. A. as an autonomous group in April, 1936, set the stage for the costly struggle. The 1936 convention at South Bend, Ind., ousted Francis Dillon from the presidency and elected Homer Martin, a former Baptist preacher from Kansas City.

About two months later—July 1—a merger was effected which brought several locals of the Automotive Industrial Workers association, the Mechanics Educational Society of America, and the Associated Automobile Workers of America into the U. A. W. A.

Martin at the same time announced a membership drive which he had the support of the committee for industrial organization, headed by John L. Lewis, who had split with the American Federation of Labor.

The United Automobile Workers' first "sit-down strike" came a few months later at Atlanta, Ga.—far from the "motor capital of America." It began Nov. 18 in a Fisher body plant over a company rule forbidding the wearing of union insignia. A Chevrolet assembly line there also closed.

Martin made his first overture for a conference on collective bargaining Dec. 21. The next day William S. Knudsen, executive vice president of General Motors, advised him the matter should be taken up with plant superintendents. Martin repeated his request.

From then on the strikes spread

### MORE ABOUT STRIKE ENDS

(Continued From Page 1)  
miss the injunction proceedings started by the corporation against the union or any members in Flint, Mich.

The General Motors conferees during eight days of negotiations that ended in agreement early today, and two of the three labor representatives signed the peace treaty in a crowded courtroom.

#### Lewis Comments

Then the pact was rushed to the hotel suite where John L. Lewis, aggressive chieftain of the committee for industrial organization, lay ill with a cold.

Lewis asserted that the agreement represents "another milestone on labor's march."

He declared that the agreement "establishes for the first time a rational relationship in the automobile industry."

Governor Murphy, in a brief statement, said:

"The strike is ended. The peace will be a lasting one because no force and violence prevailed."

The agreement provides for a mutual atmosphere between employer and employee and from it will come better conditions under which men and women must live."

#### Knudsen Statement

William S. Knudsen, executive vice president of General Motors, said:

"We are very happy that the strike has been ended. It was unfortunate that it lasted as long as it did for it left a bad impression in the homes of our people. Now, however, we have peace and let's get together and make motorcars. We need lots of them."

James F. Dewey, federal labor conciliator, said:

"I am very happy on behalf of the government of the United States that the strike is ended and personally to have been associated with a great governor who did a great job for everyone."

#### Strikers Happy

Wyndham Mortimer, first vice president of the United Automobile Workers, said:

"We are happy that the struggle is over. It means a great deal to the workers. It provided for better working conditions and greater harmony, which we hope will continue for many years to come."

At Flint, Adolph Germer, organizer for the C. I. O., said that he and Mortimer would go into the strike-held Fisher Body and Chevrolet Motor Co. plants this afternoon to explain the agreement and conduct a referendum on acceptance.

#### Set Evacuation Date

Germer said the actual evacuation would be deferred possibly until Saturday or Sunday, when mass demonstrations would be held.

The letter of Jan. 4 referred to in the agreement listed eight demands of the United Automobile Workers. Homer Martin, U. A. W. A. president, addressed it to Knudsen, setting forth the union's aims in the strike as:

#### A national conference for collective bargaining between General Motors and its employees, a 30-hour week, six-hour day and pay and a half for overtime; establishment of a "minimum rate of pay commensurate with an American standard of living;" seniority rights and reinstatement of employees "unjustly discharged;" abolition of piece-work systems of pay, and agreement on speed of production between the management and a union shop committee.

#### Wage Announcement

The announcement of the wage increase, made by President Alfred P. Sloan, Jr., of General Motors, follows:

"In view of the corporation's expressed policy of maintaining at all times the highest justifiable wage scale and in harmony with other increases that have just been made in the automotive industry, it will again increase wages 5 cents per hour in all plants in the U. S. now in operation, as of Feb. 15, 1937, and in all plants not now in operation, at such time as they may be reopened. Detailed announcement will be made on an individual plant basis.

"It will be recalled that on Nov. 9 last an increase was also granted—the total increase in wages to be disbursed on a normal yearly basis as a result of the proposed new increases now being put into effect will be 25,000,000 dollars—November and February increases together on the same basis will amount to approximately 55,000,000 dollars—the corporation's average rate giving weight to the above increase will be approximately 25 per cent in excess of the highest prevailing in the pre-depression period."

### Highway Patrol In New Quarters

California highway patrol officers stretched out and beamed to day.

They were just getting used to their new office at 3005 North Main street near Orange, where there's lots of room. Their old cramped quarters in the court house basement were empty and they were just finding out where to put things in their new quarters.

Their new headquarters, a remodeled stucco building, contains a large front office with counter and desks for office employees, a private office for Capt. Henry C. Meehan, chief of the county unit, a squad room with lockers for all the officers, and a long table, storage room, and a spacious garage.

Ample parking space is available around the building for customers.

and idleness crew in the far flung plants controlled by the world's largest producer of motor cars.

### LOCAL FOREST MAY ALLOW HUNTERS

Possibility of opening certain areas in the Cleveland National forest game refuge to deer hunters was hinted by Dave Vasbinder, former state and national Izaak Walton league officer, at the annual meeting of the Fullerton chapter of the league last night in the league cabin in Hillcrest park, Fullerton.

Vasbinder said a "million dollar industry" could be developed in foothill towns, if game refuges were opened to controlled hunting of deer and operated as in other states, where high entry and license fees are charged.

"The present refuge laws only serve to keep out legitimate hunters and keep them from seeing the damage being done by unlawful hunters," Vasbinder, who lives in Upland, added.

Assemblyman Thomas Kuchel, Anaheim, told members that a bitter fight will be waged in the state legislature in March to re-enact the county's fishing law, which would make unlawful the operation of purse seine boats within three miles of the county seat. Kuchel also urged support of the sardine control act, which would license floating reduction ships when it comes before the people for a vote in 1938.

Burr McIntosh, radio speaker, also appeared on the program. Music was furnished by Chuck Borland's orchestra. President John Gregory was in charge of the meeting.

James F. Dewey, federal labor conciliator, said:

"I am very happy on behalf of the government of the United States that the strike is ended and personally to have been associated with a great governor who did a great job for everyone."

Followers are the new students for the opening semester at Jaysee: Drennan Ahern, Herschel Albrecht, Helen Andrews, George Ball, Alexander Bancroft, Ray Barber, Ted Bernstein, Jack Brounkin, Violette Brown, Josephine Butler, Frank Catherine, Bob Collier, Donna Courtney.

Forty-nine of the new Jaysee students entered as freshmen. Of the remainder, six are classified as sophomores, 11 women are enrolled as nurses.

Following are the new students for the opening semester at Jaysee: Drennan Ahern, Herschel Albrecht, Helen Andrews, George Ball, Alexander Bancroft, Ray Barber, Ted Bernstein, Jack Brounkin, Violette Brown, Josephine Butler, Frank Catherine, Bob Collier, Donna Courtney.

### Mrs. Dacia Jasper Dies at San Diego

Mrs. Dacia Jasper, for many years a resident of Santa Ana, died yesterday in San Diego, where she and her husband, Claude Jasper, had made their home for the past year. She was 57 years of age, and had been ill only a few days.

She was prominent in fraternal and club circles in Santa Ana, belonging to the Women's Benefit association, the Standard Life association, and the Dames. She was also a charter member of the Martha Washington club.

She is survived by her husband; a daughter, Mrs. Katherine Boyd of San Diego; a sister, Mrs. H. S. Batcham of Los Angeles; and two brothers, Grover Hinton of Missoula, Mont., and Kie Hinton of Santa Ana.

Funeral services will be held Saturday at 2 p. m. at Smith and Tuthill's chapel with the Rev. Walter Scott Buchanan officiating, and burial in Fairhaven cemetery.

These projects will be started in the near future, according to Dan Mulhern, county WPA manager.

### Studio to Give Valentine Review

A Valentine review will be presented tomorrow to the public by the Visel studio, when 40 pupils of the studio from the ages of 3 to 13 years will perform on the stage of the Ebell club auditorium.

Single and group dances, recitations, skits and a fashion show in which the youngsters will model clothes from Rankin's Junior shop, will make up the program.

Verna Echols and Richard Readings, who have been coached by Holly Visel, head of the studio, while chief among Mrs. Leland Auer's pupils will be Anne Avon Chew with her reading of "Gardening," and Elaine Harlow, "Imitating Sister," a dual-role.

Green Says Lewis 'Surrendered'

WASHINGTON. (AP)—William Green, president of the American Federation of Labor, characterized the General Motors strike settlement today as a surrender on the part of John L. Lewis.

Green expressed "regret" that the United Automobile Workers had failed to obtain a "closed shop" in departments other than those claimed by A. F. of L. craft unions as their territory.

Lewis, chairman of the Committee for Industrial Organization, directed the strike strategy of the United Automobile Workers.

### Admits Patricide

### GALE WRECKS BOAT; CREW IS SAVED

(Continued From Page 1)  
hurt it. Most of them felt the track took out of town money which should have gone to pay bills or buy goods.

Neil R. Murray, editor of the El Monte Herald, summed it up: "I feel it hurts business. It takes tens of thousands of dollars out of here, and we get very little business in return. Most of the merchants here wouldn't act to close the track, but they would oppose any more tracks which would prolong the season."

#### Some in Favor

Harry Perluss, dry goods merchant at El Monte, took the liberal view that people are going to gamble anyway, that the track attracts and holds tourists, and that it stimulates business in Southern California.

Although the hotels and apartment houses at Alhambra are filled with racing people, business leaders there were bitter in their denunciation of the track's effect on their city.

"It hurts business; that's no secret," declared one semi-public official who requested that his name be withheld.

People who can't afford it spend their money betting on the races and then don't pay their bills. Even merchants who should be tending to their business are spending their time at bookie shops placing bets."

#### Bills Go Unpaid

Another informed business source declared that bills go unpaid during the racing season. Many WPA checks, needed for food and other essentials, are squandered on the ponies, he said.

Pasadena was the only city with kind words for the track.

"The lower priced hotels are filled with jockeys and racing people during the season," said William Dunkerle, secretary of the Chamber of Commerce. "Hotels like the Huntington find that their tourist guests, who usually leave shortly after Christmas, are inclined to stay longer."

There seems to be little opposition to the track in Pasadena, he added.

"It's a 50-50 proposition," said John Barnett, manager of Hertel's Department Store. "We get extra business from the track, and money is spent there that otherwise would be spent in the stores here."

#### Money vs. Morals

Arcadia benefits financially, everyone there agreed, but business men deplored the effect on the moral tone.

"I'd be opposed to a race track anywhere," one declared. "We're close to it here, and know too much about it. It's just a racket."

He told of women underfed and without enough clothes to keep

### NEW RELIEF PLAN URGED FOR STATE

(Continued From Page 1)  
SACRAMENTO. (AP)—Assemblyman A. W. Robertson, Santa Barbara, today claimed support of Gov. Frank F. Merriam in a proposal to abolish the state department of public welfare and state relief administration.

Robertson, chairman of an assembly subcommittee investigating relief expenditures, said the proposal would save \$6,000,

## Birth Notices

DE SOTO—To Mr. and Mrs. Paul De Soto, 2327 South Main street, at Orange county Hospital, Feb. 11, a son, NAVARRO—To Mr. and Mrs. Ben Atwood, at Orange county hospital, Feb. 11, a son.

MARTIN—To Mr. and Mrs. Ardell Martin, Orange, at St. Joseph's hospital, Feb. 11, a daughter.

## Death Notices

STRAIN—Feb. 10, 1937, in Los Angeles. Bernard F. Strain, 21. He is survived by his mother, Amelia Strain of Long Beach; his brothers, T. T. Strain of Long Beach, William F. Strain of Balboa, Paul Strain of Minneapolis. Announcement of funeral later by Brown and Wagner.

JASPER—Doc Jasper, 57, died yesterday at his home in San Diego. He is survived by his husband, Claude and his mother, Mrs. Catherine Boyd of San Diego; a sister, Mrs. S. H. Batchen of Los Angeles; and two brothers, Givens and W. W. Batchen of Los Angeles. Funeral services will be held Saturday at 2 p.m. at the Rev. W. S. Baumgardner's chapel, and burial in Fairhaven cemetery.

♦ ♦ ♦

INTENTIONS TO WED

Walter C. Aspinwall, 21; Jessie Griffiths, 22, Los Angeles; John M. Blohm, 23, Los Angeles; Lorraine E. Nelson, 23, Altadena.

Leo J. Bannister, 22; Donetta Owen, 19, Pasadena.

Dayton M. Birdwell, 37, Los Angeles; Harold C. Brough, 25, Montrose; Grace Hudson, 18, Alhambra.

Richard W. Dudley, 24; Thelma L. Davis, 18, Long Beach.

William F. Egan, 22, Huntington Park; Mildred F. Hoy, 19, Bell.

John S. Gilbert, 21; Virginia K. Winkler, 18, Los Angeles.

Charles E. Smith, 58, Baldwin Park; Mary E. Smith, 58, Baldwin Park.

Charles R. Reese, 21, Pasadena; Lois E. Hecker, 18, Oakland.

George R. Taylor, 34; Jean Karmen, 33, Los Angeles.

Charles E. Adams, 34; Martha E. Cowin, 29, Los Angeles.

Charles E. Schoonover, 33; Aldo R. Downey, 32, Los Angeles.

## Marriage Licenses

Ramona Gabaldon, 21, Los Angeles; Ruth Espanza, 18, Santa Ana.

Roy W. Makin, 25; Doris M. Lowman, 19, Los Angeles.

Clara Johnson, 24; Whittier; Victoria Young, 21, Los Angeles.

James F. Webster, 21; Muriel J. Glaser, 19, North Hollywood.

Bishop Hughes, president of the board of temperance, prohibition and public morals of the Methodist Episcopal church, has been holding a series of mass meetings in California.

## GAP IN RIVER CHANNEL IS REPORTED

## Official Warns About Peril in Case of Another Flood

The raging Santa Ana river has subsided. But its channel gaps open in at least one spot. And that one spot alone is enough to bring conflagration and disaster if another flood comes rushing down the river.

Concerned over the situation, directors of the Orange County Water district yesterday afternoon voted to appeal to the Orange County Flood Control district to remedy the dangerous situation.

Changes Course

"We all feared a flood—and we got one," Director W. C. Mauerhan pointed out to the board. "And if the rain had kept up a few more hours it would have been too bad."

The river has changed its course. The tons of water which came hurtling down from the mountains cut a clear channel from the regular bed to the overflow ditch of the 1916 flood easterly and westerly from the Yorba bridge.

## Perilous Situation

There is no river bank left at the spot mentioned, it was stated, and a highly perilous situation now is apparent. During the flood there were many acres in the regular channel where there was no water, Mauerhan said. "The river is running away from us," he warned.

Mauerhan suggested that with WPA help the district try to cut the new channel off and put the river back where it was. Director Roy Browning expressed the opinion that this was in the province of the flood control district, and not the water district.

A motion made by Browning instructing Secretary C. A. Palmer to confer with the flood control district on the situation was passed unanimously.

## CANCEL BISHOP HUGHES TALK

The scheduled appearance of Bishop Edwin Holt Hughes as a temperance rally here tomorrow night, has been cancelled.

Announcement to this effect was made today at the First Methodist church, where the rally was to have been held. The rally was called off because of the death of Bishop Hughes' daughter.

Bishop Hughes, president of the board of temperance, prohibition and public morals of the Methodist Episcopal church, has been holding a series of mass meetings in California.

## Happy Birthday

The Journal congratulates the following today on their birthday anniversaries:

MARY I. ROGERS, 1010 North Ross street.

WALTER SORENSEN jr., 2420 Valencia street.

GEORGE BORGMAN, 1322 North Garnsey street.

TON C. COCROFT, 1030 West Highland street.

MARY OROSCO, El Modena.

JESSE CAMPBELL, 224 East Edinger street.

C. H. BAIRD, 619 West Eighth street.

SIDNEY ALLENDER, 2021 North Bush street.

LOIS JEANNE LUSK, 1129 South Van Ness street.

PETER A. FELLHAUER, 1125 East Santa Clara street.

CHARLES L. KAUFMANN, 1609 East First street.

## Latch String Out At Jail Again

If you have any friends sojourning in the county jail, it's all right to go see them now.

The ban on jail visitors, put on two weeks ago when the influenza epidemic reached some heights there, was lifted today on recommendation of Dr. C. C. Violet, jail physician.

First visiting day will be Saturday.

## Townsend News, Views

By WALTER R. ROBB

(This is a non-political, non-partisan column, dealing in Townsend news and views, written by a former Townsend leader. Any opinions which are expressed herein are not necessarily those of The Journal.)

The Laguna Beach club is meeting at 7:30 this evening in the Woman's clubhouse. A reporter will be delivered by the delegates to the recent congressional district convention.

The guest speaker tonight will be Grant Henderson of Santa Ana. John L. White of this club is one of the members of the district board elected by the convention.

The Tustin club met Monday evening in the Presbyterian social hall. Mrs. Rachel M. Gatzlaff is chairman of the publicity program committee. Mrs. Gatzlaff

understands the value of publicity and regularly every week she drops a post-card or a letter to the writer telling of the last meeting and plans being made for the next one.

If all the clubs had a publicity chairwoman like Mrs. Gatzlaff they would get more recognition from the community.

The gun club was delivering the water to irrigated lands in an effort to establish beneficial use of the water or to establish rights to the water by using it for five years with no protests being made against the practice.

It is not believed that the action will result in a lawsuit. Director C. Roy Browning said it is possible to put the gun club water on other land inside the district.

Harbor Master Thos. Bouchey and City Clerk Frank Reinhart of Newport Beach were business visitors in Santa Ana yesterday.

Attorney Thos. L. McFadden, of Anaheim, was a court visitor on Wednesday.

Mr. and Mrs. W. D. Barker are preparing to move from 430 South Birch street to 2344 Riverside drive, having made an exchange of properties.

### SECOND HALF RALLY WINS FOR SWARM

Upcounty Jaysee Chalks Up 7th Straight; S. A. Will Play Chaffey

Faltering in the second half after matching basket for basket with the Eastern conference favorites, Santa Ana Jaysee's medium-sized cagers fell before Fullerton, 42 to 27, on the up-country school's spacious floor last night.

Shanty Hogan, rounding into shape, says a Washington headline, "we believe it... Even in the winter, Lou Gehrig swings at no wild pitches... Since Col. Jake Ruppert let out that blast against him, Lou has closed up like a bank... The guy may not get any more than the \$31,000 offered, but he's playing his hand the right way..."

Mike Jacobs carries around a spare set of false teeth... Walter Johnson's considering a good radio offer... Johnny Dundee, tagging around the fringe of the fight crowd, can scarcely talk... His adam's apple was punched so much his speech grates out in a husky whisper.

The Max Baer-Bob Pastor bout will go on March 1... It's almost a certainty... "Remember what I tell you guys," roars Jimmy Johnston, "This kid Pastor will be the best heavyweight in the world a year from today..." Never given to understatement, Johnston says John Henry Lewis is not only the best light heavyweight but the best heavyweight boxer in the business today... P. S. Both Pastor and Lewis fight for Johnston.

Cheer up, you coaches... The Roosevelt High school team of Portland, Ore., had lost 47 straight games when last heard from...

That Fred Perry-Ellsworth Vines tour is doing better than anyone dreamed... Perry himself figures to make \$75,000 for his first year's tour.

Benny Lynch of Scotland, the new flyweight champion, is coming to this country in the summer... That good Englishman, J. J. Johnston, is bringing him over...

Dutch Clark says the reason he doesn't throw more passes for the Detroit pro grid Lions is that he can see well only out of his right eye...

Jack Curley, the wrestling promoter, sits in his office playing solitaire whenever he has a tough problem... Tony Canzonieri's new restaurant is advertising "heavyweight meals at lightweight prices"...

Jack Johnson's trying to get a license to run a mid-town night club.

**FISHING SEASON DUE SATURDAY**

Three of Santa Ana High school's five dual meets on the Coast league schedule will be conducted at Poly field, but Coach Reece Greene's Saint varsity will perform away from home in its inaugural—at San Diego March 13.

Warmup meets, including the annual interclass for the seniors, juniors and sophomores, are being arranged.

Long Beach Woodrow Wilson's Stephens field will be the scene of the all-league meet May 1, following preliminaries on the same oval April 24.

The complete schedule:

March 13—Santa Ana at San Diego, Wilson at Alhambra, Long Beach Poly at San Diego Hoover.

March 20—Long Beach Poly at Santa Ana, San Diego at Alhambra, San Diego Hoover at Long Beach Wilson.

March 27—General league bye.

April 3—San Diego at San Diego Hoover, Long Beach Poly at Long Beach Wilson, Alhambra at Santa Ana.

April 10—San Diego Hoover at Santa Ana, Alhambra at Long Beach Poly, Long Beach Wilson at San Diego.

April 17—Santa Ana at Long Beach Wilson, Alhambra at San Diego Hoover, San Diego at Long Beach Poly.

April 24—Coast Prep league preliminaries at Long Beach Wilson.

May 1—Coast Prep league finals at Long Beach Wilson.

**War Glory Tries Third Comeback At Santa Anita**

LOS ANGELES. (AP)—Seven candidates go postward today in the \$1200 added Kentuckian, a six-round sprint for 4-year-olds at Santa Anita park.

Equal weights of 113 pounds were assigned to all but one entry, including Sangreal, Gleeman and War Glory.

Frank Carraud's War Glory so far has failed to show promise in a "come-back" campaign, but may find a fast track to his liking.

A nomine for the \$100,000 Santa Anita handicap, he ran far behind in "off going" on his last two trips out.

Penepel, Richard De Laval's nominee for the \$50,000 Santa Anita derby, won yesterday's \$1,200 Ontario purse for a 3-year-old, with Mr. Blaze second and Lake View third. Gerald, a favorite, placed fifth.

**RACER IN COURT**

LOS ANGELES. (AP)—Cliff Berger, former automobile racer, asked annulment of his marriage to Mrs. Alice M. Berger, in a suit on file today.

### MIDWICK LOSES N. Y. POLO ACE

LOS ANGELES. (AP)—A mishap more serious than the weather will keep Stephen (Laddie) Sanford, high goal polo player from New York, out of the annual winter polo matches at the Midwick Country club.

Midwick broke his collar bone yesterday in a fall from his mount during a practice session. He was brought to a hospital here.

For the past six weeks polo matches at Midwick, slated for successive Sundays, were rained out.

### Fullerton Outpoints Dons, 42-27

### Universals Schedule Woolen Mills' Five

Universals who brought the United States the world's basketball title in the 1936 Olympics at Berlin will furnish the next competition for the Santa Ana Woolen Mills.

Manager Quentin Matzen of the weavers today closed for the game, which will be played in the Black-Foxe military academy gym in Los Angeles Saturday night.

Among the Universals, who are preparing for a barn-storming tour leading up to the National A. A. U. tournament in

### MAJOR NINES TO TRAIN ON \$600,000

New York Giants' Trip to Havana Tops List; Camp Sites Picked

NEW YORK. (AP)—Major league baseball clubs will spend approximately \$600,000 in spring training this season, with the New York Giants' \$60,000 trip to Havana topping the list.

These figures represent the cost of transporting players to the training camps, paying all expenses in training, and bringing them back to their respective major league cities for opening games.

While most clubs get a minor guarantee from interests in the cities where they train, only five are understood to have received substantial advances this season. They are the Giants and St. Louis Cardinals in the National league, and the New York Yankees, Philadelphia Athletics and Detroit Tigers in the American.

**Will Lose Money**

Despite the guarantees, most teams figure to lose money on the trips. The Giants estimate their deficit will be around \$20,000, in spite of perhaps the largest guarantee of the season. They were induced to go to Havana by a Cuban brewer, who already has deposited their advance in a New York bank.

The Cincinnati Reds are turning down a guarantee from Puerto Rican interests to return to Tampa. The Reds have a contract to go to the island, but General Manager Warren Giles already has taken steps to break it.

The greatest innovation of the training season is the Athletics' trip all the way to Mexico City. Their schedule of spring games has been greatly curtailed, but their guarantees should make up for this.

The Cards also have changed camps to improve the state of the exchequer, shifting from Bradenton, Fla., to Daytona Beach because of greater financial inducement. President Sam Reardon preferred the calm Bradenton to the wind of the East coast, but dedicated to make the change anyway.

**Cards Receipts Larger**

Receipts of teams training on the Pacific coast this year are expected to be larger, because the Come league has abandoned its rule against playing major league teams.

The Yankees are playing Texas league teams again this spring because the Texas league has stopped pegging the gate receipts at 50 per cent. Though a split is the usual agreement, the Yanks have received as high as 80 per cent.

The board was expected to make its decision by Monday or Tuesday at the latest.

The Trainers will return to Lakeland, Fla.

Players will not receive their first 1937 checks until around May 1, but they will live well, nevertheless. The Giants, for example, either pay all food checks or give each player \$4.50 a day to pay his own 10 per cent.

## Brick Dust

Here and There With  
The Journal's  
Rambling County Editor

By T. N. (BRICK) GAINES

EVER hear of Gospel Swamp? E. L. Sherman, in his "History of Newport Beach" gives what is probably the correct theory for the queer name attached to the area near Greenville, scene of one of the county's first settlements.

It seems the Greenville sector, in those days, was well watered and produced agricultural products in abundance. The area offered so much more to the settler, because of abundance of water, that folks started forming their own little settlement prior to 1865. They grew wheat and potatoes, mostly.

Among the early settlers, Sherman records, was one Isaac Hickey, a former Baptist minister, still filled with the fire of his profession. He "let no opportunity escape" to hold religious meetings, although the group in that area was not yet closely enough knit to support a church.

The religious meetings must have followed each other with great rapidity, because finally one of the local wags finally referred to the settlement as "Gospel Swamp" and the name immediately became popular. Lasted for many years. . . .

Along about the same time—1868, to be exact—Capt. Moses Abbott, an old seafaring man, bought the little sidewheel steamer "Vauquero" to operate from Newport bay. Incidentally, Capt. Abbott's son, F. W. Abbott, still operates Abbott's Villa in Newport.

At any rate, the "Vauquero" started making trips to San Diego with cargoes of hides and tallow, and also carried agricultural products from the Gospel Swamp settlement. A road was marked out through the tall mustard, with settlers using bleached cattle bones for markers. Wood was hauled along this route for firing the boiler in the antiquated sidewheeler.

At that time, the port of Los Angeles didn't mean very much. San Francisco really was the commercial center, and virtually all trading was done either from there or from San Diego. Roads between Los Angeles and Orange county were not dependable—frequent floods washed 'em out—and so nearly everything settlers couldn't produce at home was brought in by steamer.

And, bringing in goods by steamer in those days really was something! The pilot needed to be alert every minute to dodge shifting sand bars. Tricky business!

He'd tie up the steamer about where The Arches intersection is now and unload everything from knitting needles and mustache cups to shoes and groceries, take on tallow and produce and a deckload of wood and be about his business.

Which, if one thinks about it, is quite a bit different from the present modern system of breakwaters and dredged channel!

Here's a honey from Orange. Better, even, than restrooms under the Plaza!

It's a story about another city council—somewhere in the Midwest, as told by Otto Roddeick, who swears he saw a copy of minutes of the meeting.

It seems that a wealthy resident died and left a piece of ground to the city for a park. With this piece of ground went a lake and a sum of money for improvements.

The council, needless to say, was overjoyed. They met several times and ordered improvements, including a small but select zoo. Finally, after everything else had been fixed up, they got around to the lake, which also needed a bit of attention.

One member of the august body finally moved that a small boathouse be constructed and that eight gondolas be purchased for enjoyment of the populace.

However, another councilman—the careful one who occupies a seat on every council in the land—objected, slightly. "Our money's getting a bit low," he argued. "Perhaps, as an economy measure we should build the boathouse and buy only two gondolas, a male and female, and let 'em raise some young."

Results of the experiment weren't disclosed by Mr. Roddeick.

Constable Walter Skillman from Fullerton stood shivering on the curb in front of the sheriff's office. He hailed me, weakly, so I went to keep him from falling.

He was bundled up in a fashion to shame an eskimo. (Is that the right way to spell that word, or does one use a "Q"?)

Anyway, he was bundled, considerably. He sorta rasped when he talked—sounded a bit like the whistle on one of these new streamlined trains. After a verbal skirmish, he admitted to having the flu and that he should still be in bed.

"But a guy's (cough) gotta eat (cough)," he advised.

I'll have to speak to Judge Spence about such rough treatment of Fullerton's favorite constable!

For two cents each a week, 250 unemployed at Wirral, England, are being taught languages and handicrafts.

## YORBA SCHOOL FIGHT ENDS; AMES BLOCKS SUPERVISORS

## DISTRICT TO JOIN WITH NEW AREA

Lengthy Battle Ends as Prohibition Writ Is Upheld in Court

PLACENTIA—That portions of the Yorba-Richfield school districts definitely will become part of the Yorba Linda elementary district July 1 was decided by Superior Judge H. G. Ames yesterday when he refused to quash an order prohibiting a further hearing before the board of supervisors on the withdrawal.

Ruling that the change in boundaries does not become effective until July 1, Judge Ames said there would be no subject matter upon which the supervisors could act at this time.

## Battle Ends

Thus ends a battle of several years' duration, which began when the Placentia district, then including the Yorba and Richfield areas, withdrew from Fullerton Union High school district. Residents of the withdrawing area wished to remain with Fullerton and engaged in several court fights to accomplish the return, but were unsuccessful until last Dec. 29, when the old board of supervisors changed the school boundaries.

At that time petitioners asked that portions of the Yorba, Richfield and Commonwealth districts be allowed to join with Yorba Linda, thus automatically becoming part of the Fullerton Union High school district.

## Hearing Set

Opponents of the plan presented counter petitions at a board meeting Jan. 19, requesting a re-hearing of the case, and Superintendent Ray Addison set last Tuesday as the date for a hearing before the board of supervisors.

Tuesday the board was enjoined from continuing the hearing by a writ of prohibition issued by Judge Ames, with E. A. Roddeick, who lives in the withdrawing area, as petitioner.

As matters now stand, approximately 100 students will attend Yorba Linda elementary schools, where officials say there is ample room to care for this addition in attendance. A bus line will be installed to handle the added number of students, school heads said.

About 24 high school students reside in the withdrawing area, and of these about half are expected to continue attending Valencia High school in the Placentia unified district and the other half will attend Fullerton, it was rumored.

## ORIENT IS H. B. FORUM TOPIC

HUNTINGTON BEACH—At Huntington Beach Memorial Hall Tuesday night, Dr. Charles E. Fahn, instructor in Oriental affairs at Pomona College, addressed a meeting of Orange county public forums on "America's Profit and Loss in the Far East." J. W. Bristol acted as chairman.

Our naval program and foreign service expand in the Far East could be drastically cut if our only use were to protect our foreign trade, Dr. Fahn said. This military force does not protect our trade in the Orient, for our navy is too far from a base of supplies there, and most of our trade is with Japan, the nation most likely to become a participant in case of war, he added.

Other interests keep our navy in the Orient, Dr. Fahn pointed out. America still insists on having a voice in settling the fate of China. Protection of American prestige and world peace are factors in our presence there, he explained.

## ARTIST VISITS IN MEXICO

LAGUNA BEACH—Seymour Paul, young Laguna artist visiting in Mexico, is at present staying at the hacienda of Baron Von Mauch, according to word received by Paul's mother, Mrs. Millicent Pitts.

The Baroness Leonore von Mauch is the former Eleanor Mason Armstrong of Laguna, and her parents Mr. and Mrs. Charles E. Mason, are residents of Laguna. The hacienda is situated on Lago de Chapala at Ajijic, near Guadalajara, state of Jalisco, Mexico.

## Death Calls Orange Woman

ORANGE—Mrs. Pearl Purcell, 46, died Tuesday night at her home 321 North Lemon street. Surviving are her husband, Fred Purcell, five children, Harold, Billy, Gladys, Lorraine and Lena Mae; five step-children; one grandchild, and her parents, Mr. and Mrs. John Clayton, Mt. Vernon, Mo. and two brothers and four sisters all living in the east. Funeral services will be held at 10 o'clock Friday, at the Gillogly Funeral Chapel, with officiating minister and place of burial to be announced later.

## New Help to Blind Flying

Pilot George Brinkerhoff is shown here adjusting a new instrument for making blind landings. The instrument, demonstrated in Washington, D. C., shows the plane's position in relation to a short wave radio beam, more sharply defined than that of a searchlight which curves upward from the landing field. (Associated Press photo.)

## 500 TO ATTEND BOY SCOUT HONOR COURT ON FRIDAY

ANAHEIM—More than 500 parents, friends and Boy Scouts are expected to take part in the largest court of honor in Orange county Scouting history here Friday evening. It was announced today by Harrison E. White, county executive.

Boys will receive awards typical of all classes of Scouting in the ceremony, which will open at 7:30 p. m. in the Elks club lounge rooms. The public has been invited to attend the rites, which will be in charge of Kenneth Peck, Anaheim.

Tenderfoot awards will be awarded to Troop 1, Huntington Beach; Bob White, Daniel Knaus, Harry Paquette and Harry Hibber; Troop 2, Huntington Beach; Raymond Robb, Joseph Fadler and Calvin Martin; Troop 11, Garden Grove; William Dales, Robert Joyce, Jack Jordan, James Gill, William Hoganson, Zack McIntosh, Jr. and Jack Schrock; Troop 18, Santa Ana, Roy Gowdy; Tom Shoen, Bill Jones, Bert Jones, Cliff McDaniel, Lloyd Groover, Leroy Jauman, Bill Henry, Bud Swift and Warren Wilson; Troop 27, Anaheim, Bob Elliott, Robert Dodge and Eric Baxter; Troop 24, Santa Ana, Jimmie Yamada and Lincoln.

First class awards, Troop 2, Huntington Beach; George Ballard, Frank Elliott, Don Kisinger, Billy Ryan, Eugene Pierson, Billy Ryan, Eugene Shear, Charles Smith, Winfred Tinsley, Cecil Neth, Donald Mitchell, Robert Manley, Leroy Jauman, Bill Henry, Bud Swift and Warren Wilson; Troop 27, Anaheim, Bob Elliott, Robert Dodge and Eric Baxter; Troop 24, Santa Ana, Jimmie Yamada and Lincoln.

Star Scout awards, Troop 2, Huntington Beach; George Ballard, Frank Elliott, Don Kisinger, Billy Ryan, Eugene Pierson, Billy Ryan, Eugene Shear, Charles Smith, Joe Washburn, Oliver Henrickson, Robert Manley, Leroy Jauman, Bill Henry, Bud Swift, Warren Wilson and Cecil Neth; Troop 1, Huntington Beach; Russell W. Paxson; Troop 32, Tustin, Bill Robinson; Troop 91, Fullerton, Dick Ganong.

Life Scout awards, Troop 1, Huntington Beach; Harry Lavern Grover and John N. Nichols; Troop 2, Huntington Beach; Fred Harris, Robert Lambert, Joe Washburn, Oliver Henrickson, Winfred Tinsley and Billy Ryan.

Troop 29, Santa Ana; Victor Allerton; Troop 1, Huntington Beach; Robert Clark; Troop 72, Anaheim; Harley Hoskins; Troop 24, Santa Ana, John Geddes.

Bronze Palm award, Troop 72, Anaheim, Bill Meader, Earl Muschitz, Tommy Middlebrook and Bob Leighty; Troop 24, Santa Ana, James Hull; Troop 72, Anaheim, Tom Carter; Troop 97, Fullerton, D. C. Anderson, F. W. Bandal, Alvin Boisserane, Delmar Boisserane, John Butler, Kenneth Kersting, Eugene Kersting, Joseph Lee, Jack Yorba, Thomas Hanlon, Edward Watkins, Felix Juarez, Roger Paul, Francis Robert Francis, J. C. McGraw, John Kramer, Michael Kramer, Philip McGraw, Donald Kramer, Richard Eadington, Paul Eadington, and Bruce Negus.

Second class awards, Troop 1, Huntington Beach; Donald Goetz and John Reed; Troop 2, Huntington Beach, D. J. Nelson, Frank Elliott, Jack Conrad and Joseph Fadler; Troop 24, Santa Ana, Erwin Kerr; Troop 18, Santa Ana, Jack Lincoln, Jimmy Shook, Henry Corneil and Dick Vance; Troop 11, Garden Grove; Jack Schrock; Troop 23, Santa Ana, Bob Jones, Bill Meader, Earl Muschitz.

Flood Control Asked at G. G.

## DEPARTMENT OF CENTER MEETS

GARDEN GROVE—Flood protection was the topic at a meeting of the chamber of commerce here Tuesday evening, with members adopting a resolution endorsing a reasonable expenditure for protection purposes.

Appointment of a committee to confer with M. N. Thompson, county flood control engineer, on methods of combatting high water following rains will be appointed.

ARTIST VISITS IN MEXICO

Bible Section Of Club Meets

GARDEN GROVE (AP)—The Bible section of the Woman's Civic club met at the home of Mrs. Allen Goddard Tuesday after-

noon to continue with study of women of the Bible. Mrs. Lewis Gall of Santa Ana conducted the lesson hour.

Death Calls Orange Woman

ORANGE—Mrs. Pearl Purcell, 46, died Tuesday night at her home 321 North Lemon street.

Surviving are her husband, Fred Purcell, five children, Harold, Billy, Gladys, Lorraine and Lena Mae; five step-children; one grandchild, and her parents, Mr. and Mrs. John Clayton, Mt. Vernon, Mo. and two brothers and four sisters all living in the east.

Funeral services will be held at 10 o'clock Friday, at the Gillogly Funeral Chapel, with officiating minister and place of burial to be announced later.

Death Calls Orange Woman

ANAHIM—A marriage license was issued Tuesday in Las Vegas, Nev., to Willard Cantrell, 22, and Idabert Barrett, 21, of Anaheim, it was announced by Associated Press.

ANAHIM—A marriage license was issued Tuesday in Las Vegas, Nev., to Willard Cantrell, 22, and Idabert Barrett, 21, of Anaheim, it was announced by Associated Press.

## DR. RICHTER TO OBSERVE JUBILEE

NEWPORT—BALBOA—Well-wishers and the hundreds of Harbor residents he has made well in his years as general practitioner here, were preparing today to join Dr. Conrad Richter in celebrating his golden jubilee Thursday, Feb. 11, anniversary of his fiftieth year in medicine.

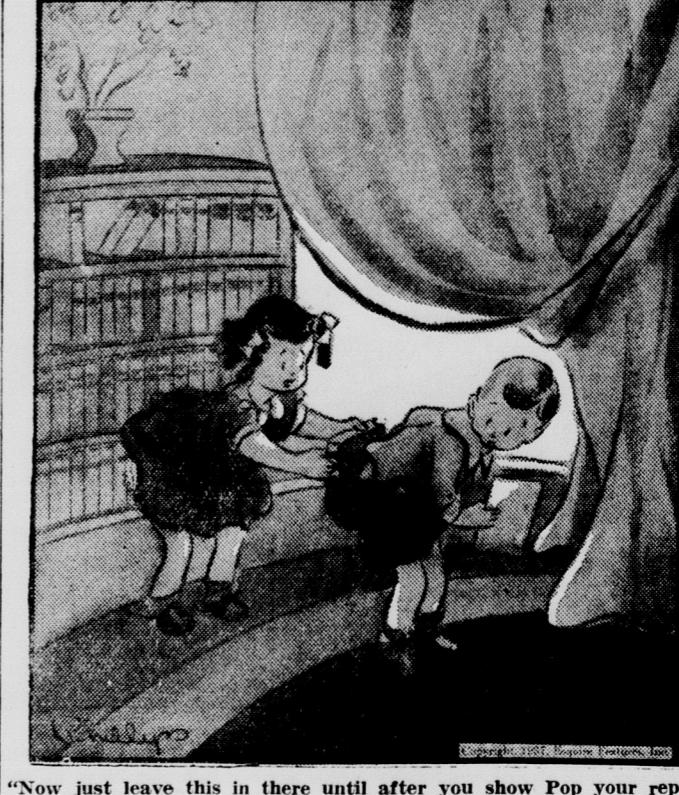

Dr. Richter himself will be host at a private dinner party that evening at the Newport Harbor Yacht club, to which 50 old friends and representative citizens have been invited, it was understood.

Coming here at the time of the post-war flu epidemic, Dr. Richter, now well over the top of his three score and ten, had worked 14 and 18 hours a day throughout the recent return of the minor plague, according to his office staff.

## HYPES TALKS TO LION GROUP

## GROWING PAINS

By Phillips

"Now just leave this in there until after you show Pop your report card."

## SEAT STANTON GIRL SCOUTS TO PENSION HEAD

ORANGE—L. W. Hypes, Orange county manager of the Coca-Cola company, was guest speaker at the Lions club Wednesday, showing sound pictures on "Along Main Street," a sales training film.

Thomas Cave was program chairman. President Wilbur Lentz announced a meeting of the Lions County Council to be held at the Brea Woman's clubhouse, Monday evening.

STANTON—Members of the Townsend club installed newly elected officers at the last meeting of the club at the Savanna school, with Mrs. Shirley Cook seated as president.

Other officers named to serve the new term were Mrs. Gladys Nordstrom, vice president; Herbert Hanneman, secretary, and J. F. Robison, treasurer. Chairmen and committees will be appointed at a meeting scheduled Tuesday at the Savanna school.

Death Summons Orange Woman

ORANGE—Mrs. Ella Ware Jackson, 75, died Wednesday morning at a local hospital, after an illness of 10 days. She came here to make her home with her daughter, Mrs. Robert Johnson, Handy street, last July. She is also survived by two sisters, Mrs. Nora Sargent, Ocean Park, and Mrs. R. W. Stotz, Oklahoma City, Okla., and brother, G. L. Ware of Berry, Ill.

Funeral services will be held Friday afternoon at two o'clock at the C. W. Coffey funeral chapel, with interment in Fairhaven mausoleum. Services are in charge of Dr. Robert B. McAulay, Presbyterian pastor.

**BREAKS WRIST**

COSTA MESA—While preparing to move into her new home on Broadway, Mrs. J. C. Payne slipped on the highly polished floors and suffered a broken wrist yesterday.

Funeral services will be held Friday afternoon at two o'clock at the C. W. Coffey funeral chapel, with interment in Fairhaven mausoleum. Services are in charge of Dr. Robert B. McAulay, Presbyterian pastor.

**CHAPTER IV**

Fran walked slowly back to the house. Across the rolling fields to the west, the sun was a yellow half circle on the horizon. A moment later, it was gone. Fran hardly noticed. She walked with her head down, frowning. Had the stranger meant to emphasize the words that she, especially, must not lose her calm, or was it merely a chance bit of advice because he had seen her in such an obvious state of panic?

It was ridiculous to suppose that she could know anything about her, and yet there has been something in the way he had spoken, and had looked at her, that made her say, "Well, anyway—she smiled faintly—was awfully nice."

She reached the house and found Joe on the steps, smoking a cigaret. He smiled at her.

"Foolish girl; I wasn't going to hurt you."

Fran drew herself up stiffly.

"Please don't try the same tactics again," was all she said.

He leaned against the door. In the twilight, his face looked unpleasantly white, ghost-like.

"I was very clumsy," he murmured. "Forgive me. It is always fatal to rush matters."

## URGES STATE DRIVE FOR TOURISTS

### Senate Bill Proposes Million a Year to Lure Travelers

(Editor's Note: This is the fourth of a series of articles on distinctive or unusual measures pending in the state legislature.)

SACRAMENTO. (AP)—A California state advertising and publicity commission, with an annual working fund of \$1,000,000, is proposed in senate bill 44, by Senator Tickle, Carmel. The commission's duties would be to advertise the resources, opportunities, advantages and attractions of the state.

The proposed act provides that of the funds, appropriated to carry on the work of the commission, 75 per cent shall be spent for advertising outside of the state and 15 per cent within the state's borders.

#### Another Commission

The bill proposes a commission of five members, with terms of four years, and appointed by the governor. It also provides that the commission shall select a manager, who shall be exempt from the civil service laws.

#### X-Ray Control

The measure states, "The program undertaken by the commission shall be designed to attract tourists, visitors and other interested persons from other states to this state; and to emphasize the desirability of this state as a place for business, residence and recreation."

Control of the use of X-rays is proposed in S. B. 1009, by Assemblyman Boyle, Los Angeles. The measure provides for insurance of permits to persons qualified to operate an X-ray machine and provides for a board of examiners to pass upon the applicants. Ownership or use of X-ray apparatus by other than a permit holder would be prohibited. Persons licensed under the state medical act, the osteopathy or dental acts would be given unrestricted permits for the operation of X-ray machines.

#### Death Balm Bill

Death would not abate action, against the estate of a person responsible for death or injury to others, according to the provisions of S. B. 137 introduced by Senator Law, El Centro. His amendment to the civil code would allow suits to be brought against the estate of a wrongdoer by the injured party.

The work of an artist, that is still in possession of the artist, has a cash value of the materials contained in it, according to provisions of S. B. 111 submitted by Senator Fletcher, San Diego. His measure was introduced to place a definite value on art works that have never been on the market.

The separate property of a wife would not be held as liable for the debts of a husband, according to Assemblyman Dannenbrink, Oakland, in A. B. 1024 which he introduced into the lower house.

The wife, according to the provisions of the bill, would have to state, in writing, that her property was liable before proceedings could be taken against it.

## Decision Due Soon On Grapefruit Freight Rate Cut

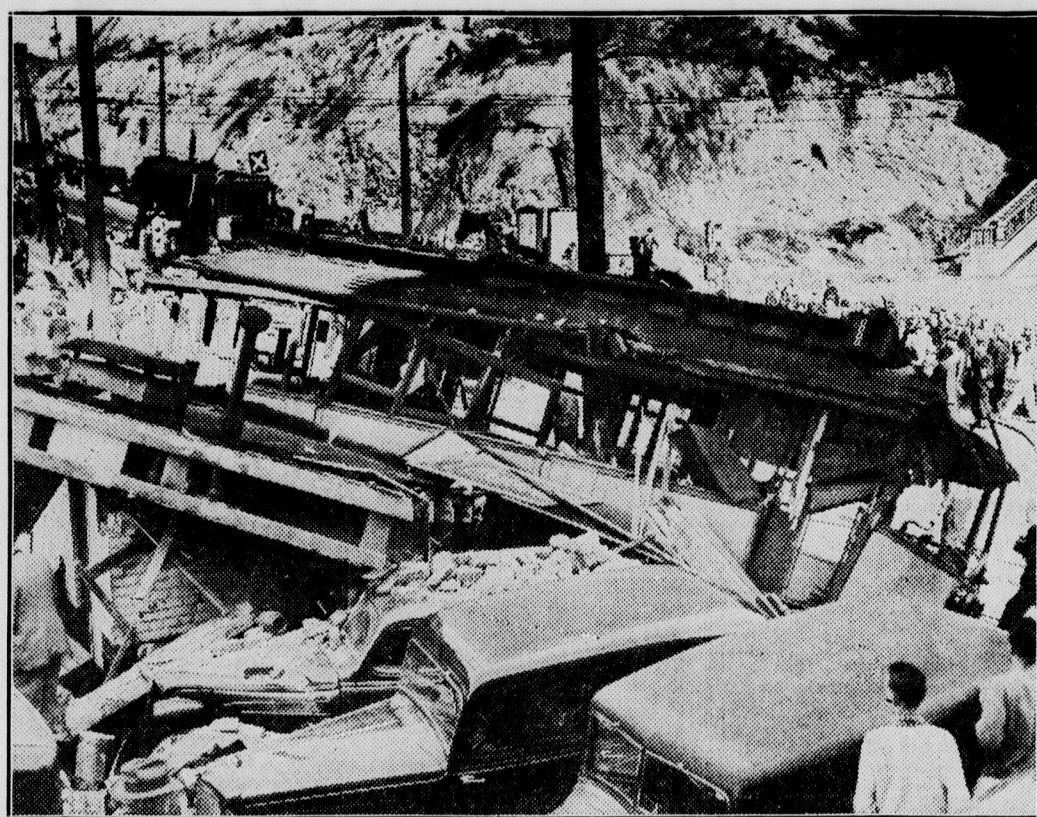

WASHINGTON. (AP)—Officials of the Association of American railroads said, after hearing appeals for 50 per cent reductions in grapefruit freight rates, it would probably be several days before a decision is reached.

Representatives of the Texas and Florida citrus industry declared a hearing called by the railroad association, that grapefruit would rot on the trees unless the rate cut is granted for the remainder of the season.

The year's grapefruit production of 28,000,000 boxes was said by R. Royston, agricultural department statistician, to be a record. He said average annual production would probably be more than 30,000,000 cases in the next five years. Florida, California and Arizona growers, agricultural department officials said, have attempted to control the situation through marketing agreements.

Sligo, Irish Free State, has to elect new collectors before it can collect taxes, the first election having been declared invalid.

## Runaway Street Car Smashes Autos

Eight persons were injured, two lunch stands and two automobiles were badly damaged and this street car was almost completely wrecked when it broke loose at the end of the line on a grade and rolled across a downtown Los Angeles intersection. This picture shows the wreckage after the car came to rest. (Associated Press Photo)

## RUGGLES' NEW FILM OPENS CLEMENCE GIFFORD TO BE CANTANDO GUEST SINGER

America's favorite screen husband, Charlie Ruggles, symbol to millions as the meek, mild, long-suffering head of the family, the unsung breadwinner and the uncrowned king of his own kitchen sink, came to the Broadway theater this afternoon as a scandal columnist on a metropolitan daily. It's all a mistake, of course, a mistake which makes the film, "Mind Your Own Business," a gay and racy comedy. Ruggles is in reality the editor of a nature column until his wife, portrayed by Alice Brady, decides to do some thinking about it and takes the small matter of her husband's kitchen sink into her own hands. She writes a column for him and the things begin to happen. He becomes involved in a shooting, is taken for a ride by racketeers, becomes the object of a manhunt, all of which gives him an excellent opportunity to display his comedy talents.

Miss Gifford has appeared with such well known artists as Bonelli, Tibbett, Lily Pons and many others. Among famous conductors, Miss Gifford is recognized as one of the country's favorite radio soloists, having participated in programs heard on two of the nation's principal networks.

## YOUTHS REVEAL DEATH STORY

LOS ANGELES. (AP)—A macabre story by three boys, police reported, today stripped the mystery from the death of Herman M. Jacobs, World War veteran, last June 21.

His head bloody from an injury, the 40-year-old ex-marine's body was found lying in a weed patch in West Los Angeles. A coroner's autopsy, however, showed acute alcoholism caused death.

Police Sgt. Alfred Mitchell said the three boys supplied the following sequence of events:

III and intoxicated, Jacobs was sitting in his car near the Rancho Golf club when they encountered him after dark and attempted to aid him.

Suddenly he died, and the boys, alarmed, drove about with the body in the car most of the night. Finally they dragged the limp form out into a vacant lot. In doing so, Jacobs' head struck the pavement.

The boys scattered, one going to the West Los Angeles police station to report the finding of the body. Two are 16 years of age and the third is 14, Sergeant Mitchell said.

## SOVIET BUYS BIG FLYING BOAT

LOS ANGELES. (AP)—Soviet Russia's air destiny was linked today with newest products of California plane factories.

An option has been taken by the Russian government on the 32-passenger Douglas flying boat, launched this week, and the \$300,000 craft will be bought as soon as it has received department of commerce tests.

In addition, a fleet of speedy single-motor transports, possibly 29 in number, has been purchased from the Vultee corporation here, it was learned. Each carries eight persons.

Douglas officials this week confirmed the giant flying boat's option after it flew under Russian military colors and with Soviet aeronautical insignia at Los Angeles harbor. When tuned up, the 14-ton seaplane is expected to cruise at 180 miles an hour for 3300 miles without refueling.

## Storms Moving In From Ocean

SAN FRANCISCO. (AP)—Three storms moving in from the Pacific brought predictions of general rains in California today and probably tomorrow.

## Life Is Not So Dull on Farm of Harry Shaver

WAYLAND, N. Y. (AP)—In support of his assertion that life on the farm—his farm, anyway—is not dull, Harry Shaver attests to the following occurrences in the last nine months:

The family cat captured and raised five baby rabbits;

His 4-year-old cow gave birth to twin calves with a combined weight of 107 pounds;

His potatoes won first prize at the state farm show;

And one of his leghorns laid an egg measuring 6 1/2 by 8 1/2 inches.

## EXILES GIVEN AMNESTY BY MEXICO

MEXICO CITY. (AP)—President Lazaro Cardenas wiped Mexican court dockets clear of "political" cases yesterday with an amnesty bill applying to all persons accused or convicted of "rebellion, sedition, uprising or disturbance."

Issuing the law under special powers from congress, Cardenas cited, "the era of organic peace" which Mexico now enjoys and said the amnesty was intended to let all Mexicans "dedicate themselves to work for the aggrandizement of the country."

The law was not explicit regarding Catholic prelates exiled as a result of the government anti-church policies, but some sources believed the apostolic delegate, Monsignor Leopoldo Ruiz, now living in San Antonio, Texas, could return if he chose, as well as bishops and other churchmen charged with rebellion.

Mexico's most famous exile, former President Plutarco Elias Calles, now is at San Diego, Calif., but no formal charges, so far as can be learned, ever were filed against the once "strong man" of Mexico."

Similarly no count action ever was taken against Nicolas Rodriguez, grizzled leader of the now-disbanded Fascist "Gold Shirts" who fled soon after Calles, or against Tomas Carrillo Canabal, longtime "dictator" of the state of

## 'Floating' Property Line Puzzles Water Board

Until a mysterious "floating" property line in the Santa Ana river is anchored down, the Orange County Water district will not purchase a 100-acre tract of land in the river.

For several months the water district has been negotiating with Jacob Stern through Director William Mauerhan to purchase a tract of land in the Santa Ana river channel in the Yorba Linda Water company area.

Yesterday afternoon Mauerhan informed the board that there are 100 acres of land Stern wants to sell, 86 acres of which are in the channel of the river. Stern wants the oil rights to the property, but is willing to give the district title to the property for taxes he has paid on the land. These amount to \$4921.50 over a period of 20 years.

Directors, however, were concerned over ability of Stern to insure title to the land. Director C. A. Palmer said a title company had refused to guarantee title to

Tabasco, who fled to Costa Rica in 1934 when Cardenas overthrew his rule.

Among other exiles presumably within the bill's scope were Gen. Gonzalo Escobar, now in Canada, leader of the 1929 revolution against former President Emilio Portes Gil, and Pablo Gonzalez, also in Texas, who fled after the slaying in 1920 of Emiliano Carranza, in whose government he was prominent.

## 7 U. S. FLOOD DISTRICTS PROPOSED

WASHINGTON. (AP)—Senators Barkley (D-Ky.) and Bulkley (D-Ohio) yesterday introduced a bill to create seven federal "authorities" which with the Tennessee Valley Authority would cover the entire United States.

The senators, describing the proposal as a flood control measure, said powers of the new authorities would be similar to those of TVA.

Bulkley declared electric power development, however, would be incidental to flood control.

Territorial jurisdiction for the proposed authorities include: Colorado River authority—the Colorado river system and all other rivers flowing into the Pacific ocean south of the Columbia river.

### Cow Gives Birth To Triplets Bull Calves; One Dies

NASSAU, Bahamas. (AP)—N. H. Clardige, proprietor of the village dairy, reported today Minnie, one of his cows, had given birth to three bull calves, a rare occurrence.

One calf died soon after birth, but the others apparently are thriving.

## IT'S SPRING IN THE NORTH

SAN FRANCISCO. (AP)—Continuation of the almost spring-like weather which prevailed yesterday and the coast in central and northern California was forecast today, a welcome change after a week-end of storms and floods. Severe cold continued in mountain areas, however.

Swollen rivers and creeks continued to pour great volumes of water toward the sea, but in every instance they had receded below the flood danger point.

Tentative damages to agricultural districts were estimated at approximately \$300,000, of which a great portion was in the San Joaquin valley, Sonoma county and the area around Watsonville, also were hard hit.

Saved From Death Leap, But Man Dies

TACOMA, Wash. (AP)—William Williams, 68, sought death and found it while doctors, hospital attendants, patients and firemen were saving him from leaping to his death from a fourth floor room in the county hospital.

Williams, weighing 200 pounds and suffering from heart trouble, suddenly climbed through the window. Other patients seized him by the wrists as he was about to drop from the sill.

While half a dozen men held him, firemen were summoned. From a swaying extension ladder they finally pulled Williams free of the sill.

He was dead—from shock.

Life Is Not So Dull on Farm of Harry Shaver

WAYLAND, N. Y. (AP)—In support of his assertion that life on the farm—his farm, anyway—is not dull, Harry Shaver attests to the following occurrences in the last nine months:

## RANCHERS FEAR WATER SPREADING WILL BRING FLOOD MENACE

### ASK DISTRICT TO PROTECT PROPERTY

#### Retaining Wall May Be Built Along Bank of S. A. River

Property owners along the Santa Ana river want to be sure the water spreading program of the Orange County Water district will not work to their disadvantage.

Emil Roedick and George Lynn appeared before directors of the district yesterday afternoon to discuss the subject with the water board.

#### Want Retaining Wall

Roedick, who acted as spokesman, wanted to know how far the water board could go in building a retaining wall along the river channel on the north side of the river in the Atwood district. He said the property owners feel that something should be done.

Regarding water spreading Roedick said it is the feeling of the property owners that it is fine to spread the water, but "we don't want to be the goat for the entire district." He claimed that the spreading program leaves deposits of silt which build the river channel up higher than the property along the north side of the river, creating the threat of having the land washed away.

#### Consider Levee

Director William Wall said he felt the water board is doing the property owners a benefit by spreading and sinking the water over the channel.

Roedick said Supervisor Harry Riley is discussing the possibility of building up a levee along the river with a road on top of it. Roedick said he wanted the district to spread the water, but wanted the property owners protected as well.

Director William Maurhan pointed out that the district is planning to put in permanent spreading works as soon as it acquires title to the necessary amount of property.

#### DIRECTOR IS PAPA

HOLLYWOOD. (AP)—A seven-pound, 14-ounce boy was born yesterday to Mrs. W. S. Van Dyke, wife of the film director.

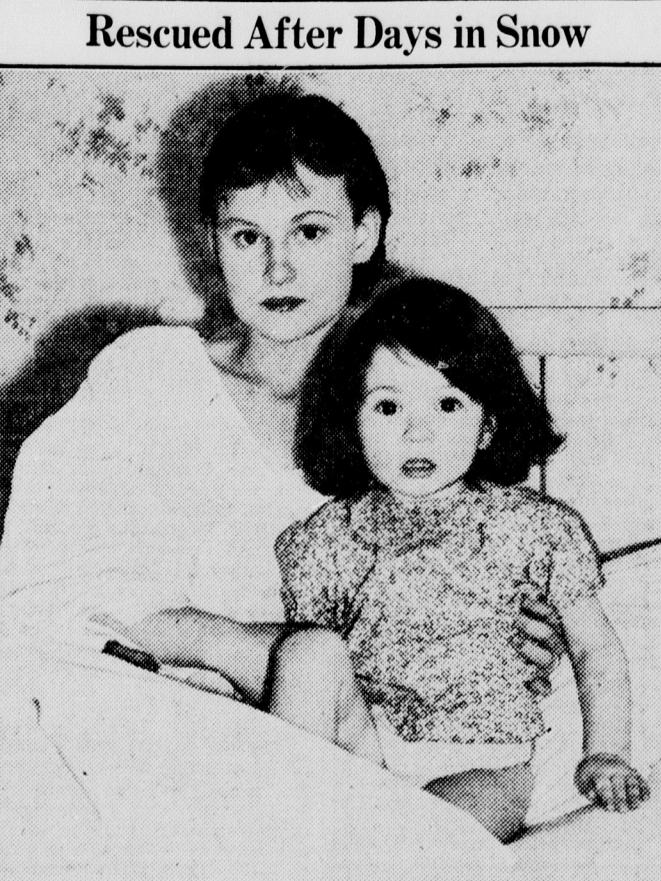

#### Supreme Court in Enough Trouble, Is Cummings Retort

WASHINGTON. (AP)—Attorney General Cummings said today the supreme court had "enough trouble" without worrying about possible legal action against one of its duck-hunting members.

Justice Van Devanter hunted ducks in December without a proper license stamp and a game warden reported the fact.

Cummings was asked what he planned to do about the report.

"Don't you think the supreme court is in enough trouble as it is?" he is asked in reply.

Rescued After Days in Snow

Mrs. Maude La Near, 19, and her two-year-old daughter, Donna, were rescued by a ski party after spending nine days in a stalled automobile in the Sierra Nevada mountains west of Carson City, Nev. Physicians said mother and daughter would recover despite their long diet on a half package of oatmeal and melted snow for drinking water. Rescuers late yesterday found Mrs. La Near's husband, Earl, 22, of Leadville, Colo., dead in a creek, where he fell exhausted just a mile from the aid he sought. (Associated Press Photo)

### STAR SENDS AID TO AGED KIN

BEATRICE, Neb. (AP)—Dwight Dalby of Beatrice, longtime friend of Robert Taylor and his family, disclosed today the movie star sent money to his aged grandfather, Jacob A. Brugh, "within the last few days" in an effort to prevent him being a state pensioner.

"I don't know how much it was," Dalby said, "but I do know the boy intends to take care of his grandfather all right."

Dalby, who knows Taylor as young Arlington Brugh—the name he bore before entering film work—said he talked with the actor by telephone. Taylor wanted him to act as his agent or obtain some other agent at Beatrice, Dalby said, but finally decided it would be better to send the money direct to his grandfather by registered letter.

County Assistance Director T. E. Saunders said he did not know what arrangements Taylor has made. Meanwhile, he said, the actor's 82-year-old grandfather will continue on the rolls as a \$16-a-month old-age pensioner until assistance workers make their regular check.

CARSON CITY, Nev. (AP)—Earl La Near perished within a mile of the aid he sought for his snowbound wife and baby, discovered of his body in near-by Clear creek.

The 22-year-old Leadville, Colo., carpenter, whose wife, Maude, 19, and 2-year-old daughter, Donna, were rescued by chance from their stranded automobile last Saturday, froze to death less than a mile from the county poor farm.

His body was discovered yesterday in the shallow water of Clear creek, into which he had apparently fallen exhausted.

The wife and baby spent some nine days in the snow-stranded automobile on the Carson City-Lake Tahoe road before they were found by a passerby.

### MORNING CLUB ADDS NINE

HARRY BRACKETT took nine neophytes through the intricacies of a breakfast club initiation this morning, and Eddie Marbie imposed the obligation, which officially approved of the applicants seeking admission to this rapidly growing organization. The additions to the club are Finis H. Scott, Frank L. Patrick, Don Harwood, Ralph Ash, Dwight Miller, Ned Cook, Neil Shaw, Les Phillips, and Bruce Anderson.

William C. Jerome reported to the club regarding the movement to obtain for Santa Ana a new junior college. Sam Jernigan, charter member of the breakfast club, responded to an invitation from President Ed Cochems to comment on club activities. Adair Mader led the calisthenics and Eddie Marbie the singing.

Approximately 40 members participated.

### Goodwill Carries On Funds Drive

Do you feel like 30 cents? That's the question workers in a campaign to collect \$10,000 for permanent headquarters for the Goodwill Industries of Orange county are asking people who want to help the program, according to George F. Angne, superintendent.

Church, club and civic groups are cooperating in the work of distributing the "Junior Goodwill" bags among those willing to participate in the building program, Angne said. Goodwill workers also distribute the bags on their regular rounds, explaining the idea that if each person taking a bag would put it into at least 30 cents, the necessary amount would be raised with little trouble.

### Cost of Elections Takes Big Drop

Elections come cheaper for the Orange County Water district nowadays.

The district now has held three elections, and each has been cheaper than the succeeding one. The first election, for organization, cost the district \$5700. The second cost \$1500, and the one held this month cost about \$1000.

### TRAVEL IN Streamlined COMFORT

NEW conveniences and greater travel enjoyments are yours in the new Streamlined Motor Transit coaches... raised seating level, above road traffic and chassis vibration, gives passengers wider observation... lowered aisle floor gives full-height headroom... racks for hats, wraps and hand parcels... special warm-air heaters, breeze-cooled ventilation... improved reading lights... baggage and express compartments concealed by latest streamlining... a giant motor, easy riding and many other new comfort features.

### SEWAGE PLAN NOW UP TO CITIES

#### Water District Board Officially Drops Salvage Move

It's up to cities and sanitary districts of the county now to make the next move in regard to a program of water reclamation from sewage water.

The board of directors of the Orange County Water district yesterday afternoon passed a resolution which placed the district on record as feeling that it is inadvisable at this time to take any action to reclaim sewage water in the district.

#### Flaherty Objects

A dissenting vote was cast by Director W. C. Maurhan after Secretary R. D. Flaherty of the Farm bureau, which fathered the sewage reclamation proposal, asked directors to defer action on the resolution until the water committee of the Farm bureau could meet with the board to discuss the situation.

Flaherty said the water committee of the Farm bureau would like to go into the matter further before official action was taken.

The resolution was offered for adoption by Director William Wall.

#### Complications

Its adoption makes official the action taken at the meeting last month when Consulting Engineer Paul Bailey submitted a comprehensive report on sewage reclamation which indicated the project is not economically feasible at this time and that there are a number of complications which make it inadvisable for the district to contemplate sewage reclamation now.

After receiving a letter from Harry Jenks, sewage reclamation engineer who aided on preliminary work in this county, the water board decided to make available three more copies of the report by Bailey.

### Music Consoles Doomed Slayer

OSSINING, N. Y. (AP)—A 21-year-old violinist and former choir member of a Catskill mountain church today sought the consolation of music in the hours that sped him closer to death in Sing Sing prison's electric chair.

He is Alfred E. Volkemann, jr., scheduled to die tonight for the murder in 1934 of 9-year-old Helen Glenn, daughter of his former pastor at Greenville, N. Y.

In the meantime he expressed the hope that prison officials would "leave the radio turned on," Guards quoted him as saying "the music makes me forget my troubles."

### Indian's Widow Sues for Home

LOS ANGELES. (AP)—Mrs. Anna Barnett, whose legal disputes with the government have been numerous for the past 10 years, filed suit yesterday to regain the colonial mansion where she lived with her late husband, Jackson Barnett, believed to have been the "world's richest Indian."

Mrs. Barnett asserted that last Friday she was notified that the United States attorney had ordered the property delivered to the secretary of the interior for Barnett's estate.

The letters were read yesterday afternoon by Secretary C. A. Palmer of the water district, to the boards of directors. They came from the Anaheim Cooperative Citrus association, the Yorba Linda Citrus association and the Anaheim Community Growers.

Included in the letters were the resolutions first adopted by the water district, then sent to the board of supervisors. The packing house associations also adopted the resolutions and sent them on to the board of supervisors.

# Bridge Club Members Gather for Evening Party in Pretty Tearoom Setting

## Husbands Are Honored at Dinner

### Valentines Are Clues For Discovery of Partners

Red candles and flowers and little Valentine place cards graced the table at which members of one of Santa Ana's bridge clubs entertained their husbands at dinner Tuesday evening in Daniger's tearoom.

After dinner the men and women matched Valentine hearts to find their partners for bridge, and the remainder of the evening was spent at the card tables. Tallying of scores at the close gave first prizes to Mrs. Flake Smith and Delbert Liggett.

Members of the club and their guests enjoying the delightful evening were the Messrs. and Mesdames Herbert Allerman, Delbert Liggett, Ray Woven, Ned Hayes, Frank Latham, Don Mozley and Jesse Elliott, Mrs. Olen Turner, and Mrs. Flake Smith, the latter a guest substitute for Mr. Turner.

These evening parties occur each time the round of hostesses in the club has been completed, the ladies then inviting their husbands for a dinner bridge before they start a new series of club meetings. Mrs. Allerman was in charge of arrangements for Tuesday's affair.

### FIVE MEMBERS ADDED TO LOCAL R. N. A.

A membership contest being carried on by Golden State parlor of the Royal Neighbors of America is becoming very engrossing to the members as it nears its end. Last night it resulted in several additions to the organization's roster, for Mrs. Ruby Quandt was initiated. Mrs. Zora Kiser was accepted as a transfer member and Mrs. Lena Chapman, Miss Gladys Chapman and Raymond Chapman were voted in.

At a business session conducted by Millie Baker, oracle, Mrs. Geneva Welch was appointed manager and song leader of the group. Plans for a dance on Feb. 24 were completed, and it was announced that at the dance there would be a seven-piece orchestra, and that a hand-painted wall hanging would be given away.

The Golden State Luncheon club will meet March 5 at the home of Mrs. Flora Dolbe, 706 South Van Ness street, and the boosters club will meet Feb. 19 with Mrs. Gladys Burnett of Orange.

The meeting concluded with an enjoyable reading presented by Maxie Wilson, after which delicious Valentine refreshments were served at tables attractively decorated with pastel-tulip and little Valentine place-cards. Refreshments were in charge of Maxie Wilson, Jennie Tuleen, Hannah Ray and Alfred Ray.

### AUXILIARY UNIT WINS STATE HONOR

That Santa Ana unit of the American Legion auxiliary is winner of the state prize for taking in the most new members in the month of December was announced at the meeting of Orange County Council of American Legion Auxiliaries held Monday evening in Tustin, with Mrs. Lillian Thorpe of Garden Grove presiding.

Mrs. Robert Sandon, local unit president, announces that the unit now lacks only 85 of filling its membership quota of 254 for this year, and she asks all members to pay their dues by the night of the unit dinner next Thursday, thus making Santa Ana unit eligible again for the prize which it won last year, the award for the first unit over 200 to make its quota.

Santa Anans attending the council meeting, at which Tustin unit was hostess, were Mrs. Sandon, Mrs. Frank Mathews, Mrs. Ralph Hoover, Mrs. James Scudder, Mrs. Roy Koepke and Mrs. Clay Minnix.

### BUTTON-BACK CLOSING A SMART TREAT ON M. MARTIN WASH FROCK

PATTERN 9197

With a flare to your skirt, and a row of buttons to highlight the chic of your back closing—any morning will seem bright and sunny! It's the cleverest of Marian Martin's jolly morning frocks—this happy style that wears its sleeves short for comfort and cuts them all in one with a trim yoke for easy making! And just see the two rounded pockets—aren't they just the thing for carrying your extra hankie, or the key that you're always losing? Making Pattern 9197 is no trick at all, especially with the expert guidance of the Complete Diagrammed Marian Martin Sew Chart that's included with the pattern! You'll want to stitch up several versions of this practical model, so choose sturdy, inexpensive percale, gingham, chambray, calico, or cotton broadcloth!

Pattern 9197 may be ordered only in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 requires 3 1/2 yards 36-inch fabric.

Send 15 cents in coins or stamps (coins preferred) for each Marian Martin pattern. Be sure to write plainly your size, name, address and style number.

BE AN EARLY BIRD! Get your copy of our New Marian Martin Pattern Book now! It's chock full of sparkling, easy-to-make Spring fashions—frocks for Kiddies, Juniors, Debs, as well as for Mother. You'll find Daytime and Sports frocks galore! Party fashions, too, and smart styles for Stouts. Behold the new-season fabrics and ways to use them to best advantage! Book 15 cents. Pattern 15 cents. Twenty-five cents for both when ordered together.

Send your order to The Journal Pattern Department, 117 East Fifth street, Santa Ana, Calif.

### TUSTIN HOME DEPARTMENT STUDIES COLOR

Mrs. Guy Christian entertained the Home department of Tustin farm bureau Tuesday at her home on Santa Clara avenue, the group gathering for an all-day session and enjoying a talk by their instructor, Miss Frances Liles, on the subject, "Color Background for the Home."

Samples of wallpaper, draperies and upholstery materials added to the interest of the day, during which Miss Liles taught the members to make color wheels to give them correct color combinations. Two Tustin 4-H girls, Marjorie Shoemaker and Henrietta Griset, presented short program.

At noon, a pot-luck luncheon was served buffet style, the members finding their places at small tables. In the business session presided over by Mrs. Christian, plans were made for a supervised pot-luck supper next Wednesday night at 7 o'clock in Tustin Union High school cafeteria. Mrs. Raymond Marsile will supervise the supper, and all not contacted are asked to bring salads.

Present at this week's meeting were the Mesdames Sam Stanley, Bertha Flint, William A. Hazen, J. D. Campbell, Frank Leonard, J. A. Wilkes, John Dunston, George Phillips, Fred Wilson, Gladys Launderbach, George Veeh, Joseph Marshall, W. W. Tantlinger, Frank Jones, Anna M. Belding, Charles Whitney, C. H. Powers, Porter Luther, Raymond Marsile and C. G. Dailey, Miss Liles and the hostess.

### SHOWERS FOR MISS MARJORIE LAUDERBACH

With the return home of Miss Marjorie Launderbach, at the completion of her final semester at U. C. L. A., friends who have been awaiting her arrival are planning a series of lovely pre-nuptial courtesies inspired by the approaching nuptials of the popular Santa Ana girl and Walter Blair of Corona.

One of the lovely parties in her honor was an event of last night when neighbors gathered at the E. M. Beasley home at 1807 Spurton street, on invitation of Mary and Dorothy Beasley and Miss Betty Scheels, and presented the bride-to-be with a set of crystal.

Dessert refreshments were served early in the evening and several informal hours were then spent embroidering tea towels for the hope chest, presentation of the shower gifts coming at the close.

Participating in the pretty affair were Miss Launderbach and her mother, Mrs. L. W. Launderbach; the Mesdames Ellie Nicholson, E. P. Allen, Agnes Waddell, Doris Justus, Sarah Speak, William Gebb, William Penn, Elizabeth Scheels, Alice Scheels, Jack Scheels, Agnes Marrs and E. M. Beasley, and the Misses Pearl Nicholson and Alma Stewart, and the three hostesses.

In the afternoon, eight of her U. C. L. A. college friends surprised her at a luncheon and miscellaneous shower at the home of Miss Shirley Ingram on Highland avenue, Hollywood; and previously, before she left school, her college mates in the Helen Mathewson club showered her with kitchen gifts at one of their evening dinners.

Miss Launderbach's betrothal was told during the recent holiday season at a lovely formal tea.

### MARY BLAIR CLASS

The Mary Blair class of the First Presbyterian church will meet Friday at 2 o'clock in the young people's room at the church. Hostesses will be Mrs. Joseph Marshall, Mrs. M. Youel, Mrs. F. Leonard, Mrs. F. Dearth, Mrs. R. Headley, and Mrs. M. Hamilton.

### Mrs. Daniger Entertains Club

Mrs. J. H. Daniger assumed hostess duties for her dinner-bridge club on Tuesday evening, entertaining the group at a pretty Valentine dinner in her own tearoom and then taking them to her apartment in the Grand Central for an evening of contract. Candlelight added to the lovely effect achieved by Valentine favors and appointments, tall red tapers standing at either side of the red heart-shaped box of candy which centered the table. Smaller heart boxes of salted nuts and little Valentines marked the places of the guests, who included the Misses Opal Davis and Frances and Gertrude Potts, and the Mesdames Arthur Angle, Charles Sauer, William Smith, Hugh Neary, George Boyd, Ernest Kelsey, Chick Dietrich and Cecilia Best and the hostess.

### TEACHERS HEAR PHYSICAL EDUCATION TALK

Miss Bernece Hooper, physical education instructor at U. C. L. A., addressed the February session of the Orange County Kindergarten-primary association on Tuesday afternoon in the reception room of the Costa Mesa community church.

The afternoon opened with a tea course served at one table spread with a lace cloth and centered with yellow flowers and green tapers. All appointments and refreshments were in the same color motif. Costa Mesa teachers presided as hostesses.

Mrs. Margarethe Bolte introduced the speaker, who talked about "Dramatic Play and Physical Exercise, Their Importance and Place in Child's Life."

Training has formally started at the wrong end, she pointed out, starting from the outside; now recognition is given to the creative within and this is brought out.

Four categories to be followed are physical fundamentals, movement fundamentals, dance cooperation, and the formal dance, the first three to take the child up to the third or fourth grade, before which age all the work should be creative.

A Hartley entertained with harmonica numbers, and the group planned to meet next at Huntington Beach, when Mrs. Mary Ferris Swan, who lived for 15 years in China, will speak on "Art in China."

### WOMAN'S CLUB SECTIONS MEET

Two pleasant meetings of Woman's club sections occurred this week, in addition to the benefit bridge party sponsored Tuesday afternoon by the Philanthropy section.

Home-craft members were entertained yesterday afternoon at the home of Mrs. Agnes Wimbush, 1108 South Van Ness street. Cheery yellow jonquils enlivened the luncheon table where members enjoyed their potluck menu, and the jonquils also decorated the living room where the group worked on various projects during the afternoon.

Poetry section met Tuesday morning with Mrs. B. J. Brooks, 508 North Olive street. Theirs was a Valentine party, with each member bringing an original Valentine box for a pleasant exchange of contributions.

Original verses on spring and memories of childhood were read by several of the members during the meeting, and it was decided that Mrs. W. H. Kuhn would entertain them next month.

### HONORS SON ON BIRTHDAY

Mrs. H. J. Howard of 2404 French street gave a birthday party for her little son, Jerry, in the kindergarten room at Hoover school yesterday morning, honoring his fifth birthday anniversary.

Mrs. Howard invited not only all of Jerry's classmates but also children of the first grade to be his guests. 32 participating in the celebration. Miss Maurie Hamil, his teacher, was also a guest, and Jerry's sister, Frances, assisted in serving.

The children gathered about a big white birthday cake decorated with red hearts and five red candles, singing "Happy Birthday to You," and Jerry made a wish and blew out the candles. The cake was then cut and served with vanilla ice cream sprinkled with red candy hearts.

Valentine favors and red lollipops added to the merriment of the little guests. The guest of honor wore his new cowboy outfit, a birthday gift from his father, mother, Dr. and Mrs. Howard.

### PLAY GOLF FOR FLOOD RELIEF

Second travel section of Ebell club will meet for a luncheon at 12:30 p. m. Monday at the clubhouse, with Mrs. C. F. Crose, Mrs. J. R. Medlock and Mrs. W. Watkins as co-hostesses, and in the afternoon will hear David Geddes talk on his trip last summer through Holland and Denmark. Those unable to attend are asked to call Mrs. Crose or Mrs. Medlock.

**SECOND TRAVEL GROUP**  
The Mary Blair class of the First Presbyterian church will meet Friday at 2 o'clock in the young people's room at the church. Hostesses will be Mrs. Joseph Marshall, Mrs. M. Youel, Mrs. F. Leonard, Mrs. F. Dearth, Mrs. R. Headley, and Mrs. M. Hamilton.

### Spinsters in Installation Dinner

Portals of the Junior College Spinsters club were shaken for the first time this year on Tuesday night when one of their number, Miss Katherine McDermott, passed a box of candy to tell of the marriage next Sunday which will take her out of the ranks of the little club to which she has belonged on the campus.

The candy was passed at the formal dinner and at which this year's new members entertained the old members in Daniger's tearoom, where the members of the women's service club found their places at one long table lighted by a single row of tall red tapers down the center.

During the program following dinner, Miss Polly Angne, who has served the club as president during the term just ended turned her duties over to Miss Evelyn Chapman, her successor, relinquishing the club gavel for the little gold replica of it which was presented to her by the club members.

Other newly installed officers of the group are Miss Carolyn Davis, vice-president; Miss Barbara Knuth, secretary; Miss Barbara Hallman, treasurer; and Miss June Leicht, toastmistress.

All of the girls were in lovely formal gowns, and honored among their guests their two advisors, Mrs. Grace Knipe and Miss Hazel Dawson. A gift was presented to Miss Dawson, who is leaving school this term on account of illness.

The passing of the chocolates

formally announced to her classmates the betrothal of Miss McDermott and Billy Heger of Fullerton, who will be married this Sunday in a Valentine's Day wedding at the home of the bride-to-be's parents.

Participating in this midwinter function of the Spinsters' sisterhood were the Misses Evelyn Chapman, Polly Angne, Dorothy Griset, Barbara Hallman, Ruby Frank Jones, June Leicht, Jean Reuter, Katherine McDermott, Bernice Sparks, Frances Wallace, Marian Dexter, Carolyn Davis, Marion Doty, Katherine Eklund, LaVonne Frandson, Mary Henderon, Marjorie Kenyon, Jane King, Barbara Knuth, Elaine McReynolds, Mary Ann Newcomer, Lou Ella Pierce, Virginia Pritchard, Virginia Sheppard, Wadine Siler, Ann Wetherall, Jane Wight, Delphine Wollert, and the advisors, Miss Henderson and Miss Eklund were in charge of arrangements for the party.

### LENT LUNCHEONS START AT CHURCH

Fifty attended the first of the Lenten luncheons Tuesday at the Episcopal church of the Messiah, when the Messiah guild ushered in the series of six Tuesday luncheons which women's organizations will serve.

Mrs. George Chapman presided as chairman, and was assisted in preparing and serving the meal by the Mesdames Kenneth Dawson, C. S. Dunphy, E. F. Museus, James D. Farrage and William Weirs Brady, and in decorating and serving by Mesdames Floyd Hubbard, Dana Lamb and Louis Luh.

The meals will be served each Tuesday during Lent, from 11:30 a. m. to 1:30 p. m., and everyone is welcome. A special invitation is extended to business people and parties.

The meeting was in charge of Kathryn Logan, chairman of the Speakers' bureau, with the assistance of Nema Teague and Lucille Jerry, co-hostesses.

The meeting on March ninth will be in charge of the Library bureau, with Rose Rauscher, assisted by Betty Upshaw and Beulah Davis.

As to something to get your mind off your present plight, you might try using that lively imagination of yours in writing stories, not the loose, morbid, sexy stories, which I am convinced add to the warped ideas of young people today, but clean, wholesome, yet dramatic stories, that will bless mankind and turn their thoughts in the right direction. Even if you never succeed in writing them good enough to sell, it would be

a means of self-expression that would help you get all these things "off your chest" so to speak.

Good luck and God bless you,

Sincerely yours, GRACE A.

### MARY STODDARD

Sympathy Won't Help Sally But Good Advice May Bring Her to Senses

By MARY STODDARD

Sally has been getting lots of letters in answer to her triangle situation. One today accuses me of great harshness. May I remind its writer that Sally did not write me for sympathy, but for advice? If Sally stole into this man's home and carried away the baby boy, both the man and his wife would have her arrested and tried as a kidnaper.

But she can go about literally stealing the wife's husband and the baby boy's dad, and she "should have sympathy because she is young!"

Nevertheless, this is a very sweet and kind letter to Sally:

Dear Miss Stoddard: I read "Sally's" letter, and I cannot see how you could have so ruthlessly trampled over this young girl as you did in your scathing tirade.

I am almost 40. I am a wife and mother, my little daughter is nearly 15. I have never been the "other woman"; nevertheless I have lived long enough and know enough about human nature to be able to "put myself in her place."

Now I'd like to talk frankly to Sally.

Dear Sally: When you say that you have fought against loving this man I believe you. I think that you are a lovable, warm-hearted type, emotional, dramatic, loving to dramatize yourself, and your relationships with others.

During the program following dinner, Miss Polly Angne, who has served the club as president during the term just ended turned her duties over to Miss Evelyn Chapman, her successor, relinquishing the club gavel for the little gold replica of it which was presented to her by the club members.

Other newly installed officers of the group are Miss Carolyn Davis, vice-president; Miss Barbara Knuth, secretary; Miss Barbara Hallman, treasurer; and Miss June Leicht, toastmistress.

MEMBER OF THE ASSOCIATED PRESS

### Some Interesting History

TWENTY-SIX years ago England passed through a "constitutional crisis" strikingly parallel in many ways to the present fight in this country between President Roosevelt and the supreme court.

The British liberal party launched a progressive program, but every measure was vetoed by the conservative house of lords. Finally a showdown came over the 1919 budget containing income and inheritance tax provisions.

Lord Rosebery denounced the budget as socialism and "the end of all, the negation of faith, of family, of property, of monarchy, of empire."

Premier Asquith went to King George V and obtained the promise that, if necessary to swing the stubborn lords into line, he would create a sufficient number of new peers to give the government a majority in the house of lords.

The threat was sufficient; the additional peers were not named; but in 1911 the parliament act was passed taking from the lords the veto and practically all other legislative power.

How near this outcome do you suppose our present similar struggle will approximate?

And then there's the subscriber who says that the parents of those boys who got drunk need a spank-ing more than the youngsters do.

### The Military Ball

ON FEBRUARY 23 a gay military ball will be held at Valencia ballroom. Stalwart men will dance with beautiful women to the strains of lilting music. It will be a scene of pleasure and gaiety.

But back of it all is a sombre story—the saddest story in American annals.

The United States lost some 60,000 soldiers in the World war; and 182,000 came home injured.

Many of these wounded men were permanently or partially disabled. They are with us every day, although often we do not realize it. Some lie pain-wracked in hospitals. Others struggle along minus an eye, arm or leg or with some deep-seated injury which handicaps them in making a living.

These veterans need help. But they do not ask for it. They hold the annual military ball, conceived by the late Jack Fisher, Santa Ana's war hero. The local chapter of the Disabled Veterans of America is in charge.

Money raised by the sale of tickets goes to aid these men who were wounded fighting for Old Glory in France. It's a worthy purpose. Everyone who can should help.

When arrested, a Hollywood visitor had \$9020 in his pocket. Either times are getting better or someone overlooked the chance of a lifetime.

### No Chains On Religion

IN THE province of Vera Cruz, Mexico, policemen raid a secret Catholic mass, kill a 14-year-old girl and arrest 73 worshippers.

Angry Catholics, estimated 15,000 strong, in retaliation open the doors of churches closed 10 years ago by government anti-church laws.

And there you have a spark which could set off in the southern republic a civil war as bitter and cruel as that raging today in Spain.

There is nothing more dangerous than suppressing religious beliefs. We see that in early American history, as most of the colonists were religious dissenters who fled from Europe to escape oppression.

Every government should not only allow its nationals freedom of religious worship; it should see to it that this right is fully protected. Mexico is no exception.

With all the marble machines and punchboards gone, it's getting pretty hard to figure out an excuse for not paying honest debts.

### Hands Off School Books!

THE California Joint Immigration committee, having successfully procured changes in a well-meaning school book on Japanese-American relations, now proposes that all textbooks be edited to see that no "subversive propaganda" gets into them.

We have not studied the friendly expressions favorable to the Japanese in the censored book, but we doubt if they would have done any harm, and they might have done good in a situation that fast is being colored by prejudice.

The real danger in this situation, as we see it, is that school textbooks are submitted to any special-interest group for censoring.

Special groups organized around one particular idea often are headed by fanatics or zealots. Such men have no business tampering with school books.

A lot of so-called hillbillies who were being "rehabilitated" along the river bank have gone to the mountains for keeps.

### Time for Safety First

PLUNGING into San Francisco bay, an airliner carries 11 people to death, making a total of 29 passengers and air company employees who have perished in accidents between San Francisco and Los Angeles in the past 45 days.

It will be a wise thing for airline managements to discuss the causes of those accidents and put a stop to them; it will be a wise thing if the U. S. department of commerce sees to it that this is done.

Otherwise, would-be passengers are going to take a hand and curtail air traffic in no uncertain way.

There is no use in trying to save time over bus and railroad schedules if you have to do it at the risk of falling into San Francisco bay or crashing into a rugged mountain at a gait of better than 160 miles an hour.

### Whimsies of O. O. McIntyre

 The new one-story building—mostly a skeleton framework for enormous window displays—continues to dwarf the conventional Manhattan Alpine skyline. They are blunt monuments to increasing taxation and on account of lower rentals and choice locations fill rapidly.

**O. O. McIntyre** structures that can be shot up into skyscrapers when the proper time arrives by piling on additional floors. But many believe they presage the doom of the cloud pierces, at least for 10 years. One of the big sources of revenue is the rooftop sign.

In a number of instances space for the electrical flare pays the entire expense of the building and makes the rental income all velvet. The new idea has invaded the Times Square area as well as the de luxe shopping stretches on Park and Madison avenues.

There are rumors of a department store that will spread itself in a one-story project in midtown. This will do away with elevators and escalators and have instead a series of moving aisles that will speed the customer. A neat trick if they do it.

Names in the news so often catch the eye for a lingering glance. Some weeks ago, for instance, the nuptials of Erin O'Brien Moore and Mark Barron. Miss Moore is an actress with the waltz of Killarney and the sweep of heart strings in her hyphenated name. Barron is a news agency executive and has a daisy handle for fictionizing. The sentence is almost self forming.

Mark Barron, the chief, cast his eye over the noisy news room for a quick selection for the latest outbreak in Syria, etc.
